STATEMENT PURSUANT TO 37 CFR §1.821(f) & §1.825(a)&(b)

Sir:

A substitute Sequence Listing and a computer readable form of the substitute Sequence Listing are provided herewith. The substitute Sequence Listing and computer readable copy contain no new matter, but include sequences in the originally-filed specification at page 18, lines 20-31; page 20, lines 25-26 and page 21, lines 4-11 that were inadvertently not given Seq ID Nos. in the Sequence Listing filed with the international application.

This affirms that to the best of my knowledge and belief the content of the pages of the substitute Sequence Listing and this computer readable copy of said pages of the substitute Sequence Listing provided herewith are the same.

Respectfully submitted,

HOWSON AND HOWSON
